Chairman Steel stated that at the last meeting the Board approved an amendment to the funding agreement between BBP and the City in which the City agreed to provide $8.67 million dollars to BBP to be used for capital expenditures in the 2013 fiscal year. He then mentioned that the next five agenda items for consideration concerned capital construction in the Park, many of which were made possible by the City’s 2013 funding, which represented a significant step towards the Park’s progress.

In response to a question from Mr. Raskin, Ms. Klein advised that the source of funding for the Pier 2 and John Street sections would come from the recent amendment to the funding agreement, and the source of funding for the Pier 3 uplands is part of the original money that was allocated for fiscal year 2013 from the City as well as some of the Port Authority’s money from fiscal year 2012.
