Board of Directors Meeting

I. Purpose

The purpose of this document is to establish policies, procedures and guidelines regarding the
investing, monitoring and reporting of funds of the Brooklyn Bridge Park Corporation
(“BBP”).

II. Scope of the Investment Policy

This policy applies to the funds of BBP, which for purposes of these guidelines consist of all
moneys and other financial resources available for investment by BBP on its own behalf or on
behalf of any other entity or individual.

III. Investment Objectives

The portfolio shall be managed to accomplish the following objectives:

A. Preservation of Principal – The single most important objective of BBP’s investment
program is the preservation of principal of funds within the portfolio.
B. Maintenance of Liquidity – The portfolio shall be managed in such a manner that assures
that funds are available as needed to meet immediate and/or future operating
requirements of BBP.
C. Maximize Return – The portfolio shall be managed in such a fashion as to maximize
income through the purchase of authorized investments as stated below, taking into
account the other investment objectives.

IV. Implementation of Guidelines

The President, or any designee, shall be responsible for the prudent investment of funds and for
the implementation of the investment program and the establishment of investment procedures
and a system of controls to regulate the activities of subordinate staff, consistent with these
guidelines.

V. Authorized Investments

A. The President, or any duly appointed designee, is authorized to invest funds of BBP as
summarized and restricted below:
1. U.S. Treasury Obligations. United States Treasury bills and notes, and any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States.

2. Federal Agency Obligations. Bonds, notes, debentures, or other obligations or securities issued by any agency or instrumentality of the United States.

3. Commercial Paper. Commercial paper rated A1 or P1 by Standard & Poor’s Corporation or Moody’s Investor’s Service, Inc. or Fitch.

4. Bankers’ Acceptances and Time Deposits of banks with worldwide assets in excess of $50 million that are rated with the highest categories of the leading bank rating services and regional banks also rated within the highest categories.

5. Certificates of Deposit with New York banks, including minority-owned banks. All such certificates of deposit in these banks must be Federal Deposit Insurance Corporation (“FDIC”) insured, except when otherwise collateralized.

6. Other investments approved by the Comptroller of New York City for the investment of City funds.

B. In addition to the above investments, BBP may deposit funds in the following (“Deposit Accounts”), with respect to funds needed for operational expenses and funds awaiting investment or disbursement:

1. High quality no-load money market mutual funds that restrict their investments to short term, highly rated money market instruments.

2. Other interest bearing accounts, if permitted by applicable laws, rules and regulations, with New York City financial institutions designated by the New York City Banking Commission.

VI. Written Contracts

BBP shall enter into written contracts pursuant to which investments are made which conform with the requirements of these guidelines and Section 2925.3(c) of the Public Authorities Law unless the President determines that a written contract containing such provisions is not practical or that there is not a regular business practice of written contracts containing such provisions with respect to a specific investment or transaction.

VII. Diversification

The portfolio shall be structured to diversify investments to reduce the risk of loss resulting from over-concentration of assets in a specific maturity, a specific issuer or a specific type of security. The maximum percentage of the total portfolio permitted in the indicated type of eligible security is as follows:

**VIII. Maximum Maturity**

Maintenance of adequate liquidity to meet the cash flow needs of BBP is essential. Accordingly, the portfolio will be structured in a manner that ensures sufficient cash is available to meet anticipated liquidity needs. Selection of investment maturities must be consistent with cash requirements in order to avoid the forced sale of securities prior to maturity.

For purposes of this investment policy, assets of the portfolio shall be segregated into two categories based on expected liquidity needs and purposes – Cash equivalents and Investments. Assets categorized as Cash equivalents will be invested in permitted investments maturing in ninety (90) days or less or deposited in Deposit Accounts. Assets categorized as Investments will be invested in permitted investments with a stated maturity of no more than two (2) years from the date of purchase.

**IX. Monitoring and Adjusting the Portfolio**

Those responsible for the day-to-day management of the portfolio will routinely monitor the contents of the portfolio, the available markets and the relative values of competing instruments, and will adjust the portfolio as necessary to meet the investment objectives listed above. It is recognized and understood that the non-speculative active management of portfolio holdings may cause a loss on the sale of an owned investment.

**X. Internal Controls**

The Treasurer or an Assistant Treasurer, under the direction of the President, shall establish and be responsible for monitoring a system of internal controls governing the administration and management of the portfolio. Such controls shall be designed to prevent and control losses
of the portfolio funds arising from fraud, employee error, misrepresentation by third parties, unanticipated changes in financial markets, or imprudent actions by any personnel.

The following are the standards for the qualifications of brokers, agents, dealers, investment advisors, investment bankers and custodians:

**XIII. Applicability**

Nothing contained in these Guidelines shall be deemed to alter, affect the validity of, modify the terms of or impair any contract, agreement or investments of funds made or entered into in violation of, or without compliance with, the provisions of these Guidelines.

**XIV. Conflict of Law**

In the event that any portion of this policy is in conflict with any State, City or federal law, that law will prevail.

**XV. Other Restrictions**

These Investment Guidelines do not modify any restriction, if any, otherwise imposed on various types of funds held by BBP; for example, any restrictions set forth in BBP's annual contracts with the City, or resulting from the source of funds (e.g. federal funds). Those other restrictions, to the extent inconsistent with these Investment Guidelines, shall govern.
